PROGRAM OVERVIEW

Dementia ranks as the seventh leading cause of death globally and a significant contributor to disability among older adults. In 2019, **the global economic impact of dementia reached a staggering \$1.3 trillion**, underscoring the immense burden on families, caregivers, and healthcare systems. Addressing this growing challenge requires advanced training and expertise to provide compassionate, effective care, reduce stress for caregivers, and improve the quality of life for those living with dementia.

This certified program offers a comprehensive exploration of dementia care, addressing core topics such as understanding **dementia types, recognizing cognitive and behavioral changes, and implementing person-centered care strategies**. You will gain advanced insights into therapeutic modalities, communication techniques, and environmental modifications that promote safety and independence. The program also emphasizes **addressing unmet needs, managing challenging behaviors, and navigating the legal and ethical complexities of dementia care**.

In addition to theoretical knowledge, this program focuses on practical implementation. You will learn to **interpret behaviors as communication, develop effective de-escalation strategies, and integrate therapeutic activities such as music and art into daily care routines**. Modules on cultural

PROGRAM OVERVIEW

competency and supporting diverse populations ensure you can tailor care to meet individual needs. The program also addresses caregiver resilience and family support, ensuring a well-rounded approach to dementia care.

Upon completing the program and passing the Chartered exam, you will attain the **Certified Advanced Care Dementia Specialist (CDC™)** designation. This credential will enhance your professional credentials positioning you as a leader in the rapidly evolving field of dementia care, and opening doors to advanced career opportunities in healthcare, geriatric services, and specialized care environments. With the CDC™ designation, you will hold a credential that validates your specialized knowledge and commitment to excellence in dementia care, which can lead to leadership positions and increased earning potential in the growing field of geriatric healthcare.

YOUR FACULTY DIRECTOR

Patty Sherin

Accomplished Certified Caregiving Consultant & Author

Patty Sherin is a passionate **Certified Caregiving Consultant and Co-Founder of ABC Dementia Course & Community**, a transformative initiative dedicated to enhancing the caregiving experience. Through ABC Dementia, she helps care partners navigate the rollercoaster of dementia caregiving by transforming stress into confidence and exhaustion into meaningful connection. **Through her pioneering approach, she integrates creative interventions, including LEGO®-based activities, to bring joy and engagement to individuals living with Alzheimer's and dementia.** Committed to self-care advocacy and caregiver well-being, Patty collaborates with healthcare professionals, community organizations, and support networks to provide invaluable insights and raise awareness about the complexities of caregiving.

As the author of **Brick By Brick Bonding: Tools for Family Care: Activities for Seniors Living with Alzheimer's and Dementia and Their Care Partners**, Patty has established herself as a thought leader in the caregiving community. Her work has redefined caregiver support, addressing burnout and stress through uniquely designed programs that promote resilience and connection. A devoted LEGO art enthusiast and champion of joy, she continues to inspire caregivers worldwide to build a thriving, compassionate, and empowered community.
