PROGRAM OVERVIEW

Taxation is a cornerstone of Africa's economic development, with tax revenues accounting for nearly 17% of GDP across the continent, compared to the global average of 33%. **Corporate income tax contributes over 20% of total revenue in many African states, making efficient tax systems critical.** With rising digital trade and over 90 DTAs under negotiation, effective tax planning is essential to secure revenues and attract sustainable investment.

This certified program is designed to provide you with a comprehensive understanding of Africa's international tax landscape and to equip you with the advanced capabilities needed to navigate diverse tax regimes, mitigate risks, and implement effective cross-border structuring strategies. With a strong focus on practical applications, this program enables you to **interpret and apply Double Taxation Agreements (DTAs), assess Permanent Establishment (PE) risks, manage intellectual property and royalty taxation, and apply transfer pricing frameworks in line with OECD guidelines.** You will also gain expertise in mergers and acquisitions, indirect asset transfers, capital gains tax management, and the strategic use of holding companies for tax efficiency.

Throughout the program, you will sharpen your skills in tax risk management, compliance reporting, and strategic structuring across African jurisdictions.

PROGRAM OVERVIEW

The program provides in-depth insights into **anti-avoidance rules, country-by-country reporting, and exchange of information frameworks, while also addressing Africa-specific challenges** such as limited enforcement capacity, treaty negotiation imbalances, and transfer pricing audit constraints. You will explore **global tax developments including BEPS measures, Pillar One and Two, and digital economy taxation, enabling you to align local tax strategies with international standards.**

Through interactive discussions and real-world examples, you will gain practical experience in **solving complex tax challenges, strengthening compliance, and building resilient structures that balance corporate needs with regulatory demands.** The program emphasizes actionable strategies to optimize tax efficiency, reduce disputes, and support sustainable investment across Africa's rapidly evolving markets.

Upon completing the program and passing the Chartered exam, you will attain the **Certified International Tax Planning and Structuring Manager (CTM™)** designation, a globally recognized certification that will enhance your professional credentials and demonstrate your expertise in implementing and managing advanced tax planning and structuring strategies. This industry-recognized certification holds lifelong validity and will position you as a trusted leader in corporate tax planning, regulatory compliance, and cross-border structuring.
