Led by Dr. Renny Reyes, a highly respected environmental legal and compliance expert, this program will help me gain an in-depth understanding of key Dutch environmental laws, including the Environmental Management Act (Wet Milieubeheer), Water Act (Waterwet), Soil Protection Act (Wet Bodembescherming), and Waste Framework Legislation (Afvalstoffenwetgeving). This program will also cover EU-wide environmental directives that impact Dutch businesses, such as the EU Industrial Emissions Directive (IED), the Green Deal on Circular Economy, and the EU Taxonomy for Sustainable Investments. Some of the key skills this program will bring include:

- Netherlands And EU Environmental Law
- Environmental Compliance
- Regulatory Impact Assessment (RIA)
